# People visit your profile BUT DON'T FOLLOW?

A 4-point check for your Instagram profile. Takes about 10 minutes.

## 01 Name field

- [ ] Your name field includes what you do, e.g. 'Karan | AI & Marketing'
- [ ] Your profile photo shows your face clearly, even at small size

## 02 Bio

- [ ] Line 1 says who you help
- [ ] Line 2 says what they get from following you
- [ ] Line 3 is one next step (free resource, WhatsApp or call)
- [ ] No vague lines like 'dreamer | creator | explorer'

## 03 Pinned posts

- [ ] Pin 1: your most useful value post
- [ ] Pin 2: a personal story (who you are, why you do this)
- [ ] Pin 3: real proof (results, reviews, work you can show)
- [ ] All 3 still match what you post today

## 04 Link in bio

- [ ] One main action, not 10 links
- [ ] The link opens fast on mobile
- [ ] What's behind the link matches what your bio promises

**Test:** show your profile to a friend for 5 seconds. Ask: who is this for, and what would you get by following? If they can't answer, fix the bio first.
